Hi Dinesh,

As part of the resume verification for placement, placement cell wants us to give some proof in the form of mail from official email account verifying the work we did during internship.

This is the work I have specified in the resume:-

- Was part of web development team at Aasaanjobs.com
- Modeled various entities and relations and helped in making a robust backend using Django
- Created a responsive User Interface and integrated with the backend

Kindly respond with a verification mail which I will be able to show during resume verification.

Thanks,
